

## 9. MY GIRL

(Verse 1)

Don't you know, she's my girl, with her smile she spins my world  
Ruby lips, hair of fire, all my life she'll be my one desire  
Did I say, she's my girl, white as snow her skin of pearl  
One look in her eyes, it comes as no surprise

(Chorus)

That I'm in love, with everything about you  
I'm in love, and I can't breathe without you  
In my life

(Verse 2)

Yeah you know, she's my girl, feels like we're one against the world  
When her arms hold me tight, I know I'll see the morning light

(Chorus 2)

And I'm in love, with everything about you  
I'm in love, and I can't breathe without you  
Yes it's love, with everything about you  
I'm in love, and I can't breathe without you  
In my life
