

2. ONLY THE BEGINNING

(Verse 1)

Well I just got the news that I'll be take'n a cruise
I've got the wind in my face; I'm jump'n out of these shoes
I'm gonna fly so high I'll kiss the sky. Yeah

I'm gonna dance on the sun like a band on the run
There's been a change in my mood, feels like I'm coming unglued
I'm gonna fly so high I'll touch the sky. Yeah

(Pre-Chorus)

You might think I'm crazy baby, like "this boy has lost his mind"
But the train is leaving the station and I'm gonna catch it just in time

(Chorus)

Don't cry, don't say goodbye,
This is only the beginning, only the beginning of time

(Verse 2)

Hey now baby, don't be sad for me
I've been chained down to this world and I'm about to cut free
I'm gonna fly so high I'll kiss the sky. Yeah

You see I'm swim'n in an ocean of His Mercy and grace
I have the promise from my King that He's been building a place
Where I can fly so high I'll touch the sky. Yeah
