

4. SOMEBODY'S WAITING 2.0

(Verse 1)

Somebody's waiting, to hear Your voice tonight
Somebody's waiting, to catch a glimpse of light

(Chorus)

Do they know You're there, do they know You see them
Do they know You love them just like me
Cause here at Your cross, we toss all our troubles
Just like a stone into the sea
Somebody's waiting, yeah, Somebody's waiting

(Verse 2)

Somebody's hoping, to feel Your touch tonight
Desperate for healing, that all will be made right

(Chorus 2)

Do they know You see them (do they know You see them)
Do they know You love them (do they know You love them)
We toss all our troubles (we toss all of our troubles)
Just like a stone (stones into the sea)
Somebody's waiting, Somebody's waiting

(Bridge)

Give your heart, give your heart away
You know you need a Savior
You gotta give your heart, give your heart away
When you look you'll find your Savior
