

9. CAN'T LIVE A DAY WITHOUT YOU

(Verse 1)

Where would I be without Your love
Would I feel without Your touch
I used to fill my day and night
With all that glitters, shining bright
Big enough to understand
Yet too small to comprehend
Of Your greatness and Your tenderness for me

(Pre Chorus)

Now I'm spinning circles, blue sky under
Paint my heart with child-like wonder
Spinning circles, blue sky under
Paint my heart with child-like wonder

(Chorus)

And I, can't live a day without you
Won't last a minute if I try
Can't live a day without you by my side

(Verse 2)

Where would I be if You weren't here
Slaying giants that I fear
I run and stumble in Your shoes
Some days I win some days I loose

(Bridge)

Cause I'm free
Never looking back at who I used to be, loves changing me
I'm free
The beauty of my life, You have revealed to me
