

6. SOMEBODY'S WAITING

(Verse 1)

Somebody's waiting, to hear Your voice tonight
Somebody's waiting, to catch a glimpse of light

(Chorus)

Do they know You're there, do they know You see them
Do they know You love them just like me
Cause here at Your cross, we toss all our troubles
Just like a stone into the sea
Somebody's waiting, Somebody's waiting

(After second verse)

Somebody's hoping, Somebody's hoping

(Verse 2)

Somebody's hoping, to feel Your touch tonight
Desperate for healing, that all will be made right

(Bridge)

You have to give your heart away to find, A Savior
Live in the mercy of a love divine, A Savior

(Chorus 2)

Do they know You're there, do they know You see them
Do they know You love them just like me
Cause here at Your cross, we toss all our troubles
Just like a stone into the sea
I know You're there, I know You see them
I know You love them just like me
Cause here at Your cross, I toss all my troubles
Just like a stone into the sea.
